LinkedIn: linkedin.com/in/vishnu-prasad-p-d-9b92a3185

Professional Summary

Senior Software Engineer with extensive experience in designing and building **scalable backend systems** for e-commerce and enterprise applications. Strong expertise in **Magento 2 backend development**, **API-driven architectures**, and complex **third-party integrations**, including payment gateways, ERP, and logistics platforms. Proven ability to optimize performance, ensure system reliability, and handle high-traffic workloads.

Experienced in backend development using **PHP**, **Java (Spring Boot & Spring Batch)**, and **Python (FastAPI)**, with solid database knowledge in **MySQL** and **MongoDB**. Skilled in system design, data modeling, API security, and end-to-end backend delivery from architecture to production support. Adept at collaborating across teams and driving projects that deliver measurable business value.
